Rice Before "Tuck pointing"

Rice After "Tuck pointing"

News from the Rice Lodge & Conference Center in Odell.

The 'tuck pointing' at the Rice Lodge is complete and looks wonderful! It was done by Van's Waterproofing Company, Inc. of Beatrice, Shawn and Dakota Vanlaningham. The project took about 4 weeks and in these pictures you can see the difference in the mortar between every single brick. They also repaired the terracotta shingles at the top and repaired the white areas under the terracotta shingles. They repaired the chimney on the roof, recapped the steps

and painted all areas on the outside of the building. We have received numerous compliments on their work and we are happy it is done.

Odell Market For Sale

Have you been thinking about being part of Main Street Odell?

Besides groceries for families, the store provides food for church dinners, pancake feeds, steak feeds, fish fries, chicken BBQs, concession stands, hungry travelers, workers in the area, and coffee morning and afternoon. No one wants to see those services end. I still feel a good fit would be for several people to go together. If you don't want to work the store yourself, you could hire a couple of managers. If you have thoughts about this, please come talk to me. I have some suggestions I think would work for the store and community.

Thank you. Sharon Gydesen

Diller-Odell Lights it Up Blue for Autism

Everyone at Diller-Odell shared in learning about Autism during the 2016 focus from April 18 – 22. At the elementary school a t-shirt logo contest was held among Circle of Friends members and Mad Meyerle's design was selected to represent the school wide event.

Elementary students kicked off the week with a pledge, informational program, fact game and balloon release which were all planned and carried out by the Circle of Friends members. The celebration was topped off with blue puzzle shaped cookies provided by Julie Klecan. Through out the week student readers shared books that promoted respect, understanding and patience for all differences. Students learned through autism guidance lessons to celebrate everyone's own kind of awesome. Blue and autism t-shirts colored the halls on Thursday and blue lights have illuminated the elementary building through out the month of April.

Local FFA Chapter Successful at State Convention

Cody Scheele of the Diller-Odell FFA Chapter was awarded

the state degree during the State FFA Convention held in Lincoln. The degree is awarded based on total FFA involvement and the quality of the individual's supervised agricultural experience program.

The junior parliamentary procedure team consisting of Kaleb Rupprecht, Jesse Scheele, Kelsay Schlichtman, Adam Schultis, Spencer Schmidt, Ryan Arnold, Bryston Warren received a bronze rating. They presented a demonstration of parliamentary motions, took a written test, and answered questions from the judges.

The state ag skills contests were held in conjunction with the con-

vention. The Ag Technology and Mechanics team place 2nd; with Bladen Ahl placing 3rd individually from a field of 158 contestants.

Other members of the team were Spencer Schmidt, blue; Caleb Schultis, blue; Adam Schultis, red.

The welding team also made a good showing by placing 2nd. The team members were: Cory Engelman, 4th individual in MIG; Cody Scheele, 2nd individual in oxy/ace; and Ethan Rupprecht, blue in arc welding. The agronomy team received a blue. Members of the

team were: Cody Scheele, purple; Jonathan Schmidt, red; Dylan Wolbert, red; and Reese Hennerberg, red. The farm business management also received a blue at the state con-

test. Jesse Scheele received a purple and Theresa Zarybnicky received a blue. Other members were Adam Schultis and Bladen Ahl. The meat evaluation team received a blue. Alexis Craw, Ethan Rupprecht, and Corina Lottman all received blues individually. Joslyn Edmond received a white. The floriculture team competed at the state convention as well. Morgan Phillips received a red ribbon. Other members of the team were Ashley Yocum, Madison Hajek, and Madison Jurgens.

FFA Ag Technology and Mechanics Team Placed 2nd: 1 to r: Caleb Schultis, Bladen Ahl, Adam Schultis, Spencer Schmidt and Mr. Ron Rickstrew.

7th Grade Fundraiser: The class of 2021 is sponsoring a Schwan's Food fundraiser. It starts on May 1st and will go until June 15. 20% of food orders and 40% of gift card orders will benefit the 7th graders on their 8th grade dance, junior prom, and senior trip. After June 15, 5% of sales will be donated until September 14.

Come One, Come All! It's Reading Under the Big Top

'Reading Under the Big Top' will be the theme of the 2016 Diller-Odell summer reading program held at the elementary library in Diller.

The dates for the program are May 27, June 3, 10 and 17.

The 3 ring spectacular will run from 9:30 to 11 each day and is open to children age 4 through the 5th grade.

Children will have the chance to enjoy 'Circus' themed activities, check out books and win prizes.

Transportation will be provided for children from the Odell area.

Meet at the H.S. building by 9 and they will return to that location by 11:30.

This FREE program is co-sponsored by Diller-Odell Schools, O.A.C.E, the Diller Community Foundation Fund and the Fun Raisers Club of Diller.

The program is being organized by Lana Hemphill, Jan Liscom and Beth Roelfs.

WINNING USDA EARTH DAY ESSAY by Abby Vater:

Have you ever thought about the earth? It is a great place to live in, but, we need to take care of this precious planet. Have you ever heard of Earth Day? Well, if you haven’t, it’s an important day, that many different people help take care of this earth. Although, we should do this every day, most people don’t.

Have you ever thought of taking care of the earth? It’s a good thing to do to keep people, animals, and plants save, and the environment. Things like pollution are bad for the environment. Things like recycling are good for the environment.

Pollution

Did you know that you are your parents can pollute the earth every day? It’s true, when you ride in a vehicle that uses fuel, it’s polluting the earth. We can help prevent this by walking short places or riding a bike or scooter or anything that is not a motor vehicle.

Recycling

Guess what? People of all ages can recycle. It is actually pretty easy to recycle. All you have to do is get a recycling bin or if your town has a place where you can go recycle things, you can sort plastic bottles, paper, plastic bags, and cans

by using plastic bags from the store if you have some.

Planting

Plants can be helpful to the environment. They can take in Carbon dioxide and give oxygen for us to breathe in. This is another way to help the environment, and it’s not hard. It doesn’t have to be a big redwood tree; it can be a small tree. If you plant a fruit tree, like an apple tree, you can save money on buying fruits.

Cleaning up Trash

Cleaning up trash from ANY-WHERE (with gloves) can help the environment. If trash gets blown to rivers and even oceans depending where you are, can clutter the water and make it unsafe for creatures in the water.

Animals

Animals can bet hurt when people don’t take care of the environment. Wild animals may eat trash that can kill them if they choke on it. It can also have chemicals on it that can harm or kill wild animals or even your own pets.

Taking care of the environment is very important. If people don’t take care of the environment a lot of things can die that we need. You can take care of the environment by helping.

A MOTHER

When you're a child, she walks before you...to set an example.
When you're a teenager she walks behind you...to be there should you need her.
When you're an adults she walks beside you...so that as two friends you can enjoy life together.

I am your biggest fan. I am your Protector. I will always defend you. I will get angry. I will get frustrated. I will be proud of you. I will be your confidant. I will love you unconditionally because forever and always...I am your mom.

You know you're a mom when....All you want is some alone time, but as soon as you get it, you miss the kids.
